As the results show the % pass rate at Broad Heath has been higher than the National average since 2012. We have analysed the results to find areas of strengths and weakness.

We teach and encourage children to segment and blend words using their hands as this really helps them break down the words (segment) and put it back together again (blend).

As a school we share best practises and ensure that all phonemes are revisited so children are secure in their phonics. Year 1 and 2 children have daily Phonics sessions and also practise during Basic Skills.
