1. How have the children settled since we returned to school in January 2022?

Year 2- Most children have settled in well and children are following the rules. A small number said that it had been a bit of a challenge.

Year 3-. Children have settled back in well. Children seem happy and settled. Some were being silly and not letting others learn. Majority of children are cooperating, settled and dealing with expectations. The traffic lights have been used.

Year 4- Settled nicely but a few continuously not following the rules. Children fussing with chairs. A few children on the traffic lights and not concentrating.

2. Care and Respect (Inside and outside of class)

Year 2-Inside yes. Outside lots of pushing sometimes accidents. **What can we do to improve this?**

Choose sensible friends, play safely on the equipment. Be more careful when moving around the school. When someone is hurt, we could help them. Play games in a suitable space. Play sensible games that don't involve push/fighting/grabbing. Outside lots of pushing sometimes accidents. Sometimes people use their outside voice in the classroom, but we are working this. Sometimes they are a bit rough and children need to look where they are going. Too many accidents.

Year 3-Inside yes. Pushing and bullying. Children shared they tell the teachers but it is the same children. **What can we do to improve this? Nobody in 3W feels they have been bullied. We try to be good role models to encourage others. We often get bricks for walking in the corridor nicely. Teamwork and table points not Dojo's. We**

think if it is the same children then sanctions should be more severe each time. Corridor and stair monitors to stop pushing.

Year 4-Inside yes. Outside there are people pushing and shoving, bumping into each other, not being sensible in the lines. It is usually the same people. **What can we do to improve this?**

Dojo points and then bricks. Children from Year 2 could visit the older children and share examples of their good behaviour.
