

**Broad Heath Primary School
School Council Agenda**

School Council Meeting:

Date: Tuesday 24th January 2023 @10.45am

Years 2, 3 and 4

Staff-Mrs Raja-Khan

Year 2- Huzaifah, Iqra, Haseeb and Yusuf

Year 3-Sidrah, Awais, Ameena, Ranj, Eliza and Max

Year 4- Arfa, Mohammed, Yahya, Janelle, Eliza and Aryan

Absent- Liliana

Agenda:

1. How do you feel Skills academy is going?

Year 2

2R- The majority of the children love skills academy. They love the fact that they are trying something different.

2W- It is very popular amongst the children. No one gave a reason why they didn't enjoy it.

2B- Children are enjoying Skills Academy because they get to work with different children of all ages. They also love trying different things and practising new skills, too!

Year 3

3R- The children are using lots of BH values like respect, imagination and teamwork. The children are enjoying playing games and learning new skills. It's a fun way to end a week. 3 Red have made new friendships with children in other classes and helped out younger children.

3W- Children are enjoying skills academy on Friday. They are enjoying learning and practising new skills. Children like meeting children from other year groups and working with them.

3B- Children are really enjoying skills academy and all the different activities we get to try out. They get to learn things they didn't know before and haven't had the chance to either. They also get to learn new skills such as dance, Japanese, crochet, German etc.

Year 4

4R- All of 4 Red are enjoying their skills Academy.

4W- Good. We are enjoying the activities and there is a nice range of activities.

4B- Good! Love it! Very fun!

My response: The staff have been sent the information from previous meetings and will continue to provide activities that you have requested.

JF's response: Great to see all children working as a team and trying new things.

2. How is your year Group challenge and have you collated any evidence and did you make a clip for a blog in?

Year 2 School Councillors chose Smiling at everyone you see.

Year 3 School Councillors chose Litter Picking.

Year 4 School Councillors chose Growing and Selling Food.

Year 2

2R - Quite a few children feel that they are doing well with the challenge. A few said that they needed to try harder. We have not collected enough evidence as yet.

2W- The children think that they are doing great with their challenge. Now we need to get more evidence for the blog.

2B- A show of hands showed that the children are smiling at everyone they see. Some said that felt a little shy but will persevere with this. We have not yet recorded any clips for the blog, but this could be done for this half-term.

Year 3

3R- Year 3 have started litter picking. Our litter pickers will be Sumayyah A, Jebrin and Zak.

3W- We have been litter picking and have taken photos, we still need to blog this. Hamida, Nabiha and Eva T did a fantastic job and ensured they took photos during their break times.

3B- Our litter pickers (Yusuf, Tasneem, Nick and Simeon) did a fantastic job and enjoyed helping the environment and picking up the litter.

Year 4

4R-We are working as a team.

4W- We have planted our vegetables and have watered them. We have also taken photos for the blog.

4B- Our seeds have been planted and school councillors will be watering them. Our class day is Friday.

My response: Great to see and hear that you are rising to the challenges!

JF's response: Looking forward to further updates, well done all.

3. What are your thoughts regarding Parent Consultations and children being present for them?

Year 2

2R- Most children were present with their parents and enjoyed the experience. It gave an opportunity for us all to talk together.

2W- Nearly all the children want to be there for the meeting. A handful of children said they didn't want to, in case they were missing out on something. One said it was too early.

2B- The children agreed that showing their books to their parents was brilliant! They could share what they learned and how they made progress.

Year 3

3R- The children like hearing positive things being said about their progress. Most of 3R enjoy their parents looking through their books and seeing their hard work.

3W- The children like being part of the consultation as it is their learning and progress being discussed and they like working together on their progress. It is also good to show parents work as children feel proud of their work and want to show their parents.

3B- Children love being a part of the parent consultations as they get to hear the great things that are being discussed and if there any improvements both children and parent can hear together and work together to achieve it next time.

Year 4

4R- The vast majority of children would like to be there however, some would not as they are perhaps scared to show their parents poor presentation.

4W- The vast majority think it is important as they can hear and respond to feedback. They believe it is important to know what is being said and feel proud with the positives. They are not so keen when hearing about what they need to improve on.

4B- Most children like being in the consultation as they get direct feedback from Miss Woodman. They mostly like showing their books to their parents.

My response: We should always do our best and be proud of our achievements. We should also take on board where we can improve and not be worried about it.

JF's response: It is great that every parent at this school attends.

4. Do you think you made a difference to the area outside of the school gates?

Year 2

2R The children feel that there is a difference. One pointed out that the animals will benefit from this, but there is still some litter around.

2W- The children think there has been a difference, but litter is still being spotted.

2B- The children have noticed that the area is much cleaner than before.

Year 3

3R- 3 Red think it's good that BH made a difference to their community to help keep it clean. We feel proud as a school. To keep the area, clean the children have suggested making posters and signs.

3W- Yes because before there was so much rubbish now it looks a lot cleaner.

3B- Yes children believe so because there is less rubbish and it is cleaner than before. There used to be a lot of wastage on the ground but there is a dramatic difference now which all children are pleased about .

Year 4

4R- 4 Red have started to make a difference but more work must be done.

4W- Yes, the area is looking cleaner although people are still leaving rubbish. Hudayfa has suggested putting up signs.

4B- We have started to help but think we can do more to keep school and our local community tidy.

My response: I was very proud that the email and letter sent to Coventry City Council made such an impact. Thank you for helping take photographs on the other side of the school and I shall send those too!

JF's response: WELL DONE, this is a great example of caring for your community.
