John Magee
Kindness Matters

Dear John,

On behalf of CoppaFeel! I would like to thank you and everyone at Broad Heath Primary School for your generous donation of £150 in support of our life-saving work. We could not be more delighted to have received this wonderful gift, thank you!

CoppaFeel! works to educate young people about the signs and symptoms of breast cancer and the importance of regularly checking their chest. Our founder Kris Hallenga was only 23 when she received a terminal breast cancer diagnosis, despite visiting two GP's and being told she was 'too young' to get breast cancer, after finding a lump in her breast. Kris discovered that young people can get breast cancer too, and they should be taught this and understand that checking themselves is essential for their health.

Diagnosing breast cancer early gives the best chance for a positive outcome and that is why our mission at CoppaFeel! is to ensure that all breast cancers are diagnosed early.

Your donation will help CoppaFeel! continue to deliver our important message at universities, workplaces, secondary schools, through health care professionals and online. We couldn't do it without supporters like you and we are very grateful for your generous gift. This letter is a receipt of your gift to our charity.

If you would like to learn more about the impact of your donation or the work of CoppaFeel! this year, please don't hesitate to get in touch with me. Thank you for your support.

Kind regards,

Zsuzsi Kiss
